

Thinking of others!

What make a kind person?

Write the name of someone you know under each of the 7 'qualities' below (or draw a pic of them!)

There's space for someone else to write about their special people, too!

A person who makes me laugh...

A person who helps me...

A person I can trust...

A person who shares things with me...

A person I can talk to...

A person with ALL these qualities...

A person who really listens...

WOW! Looks like you know some really kind, caring people!
